ACCREDITED BY MAHARASHTRA MEDICAL COUNCIL

Introduction:

Pediatric Surgical Oncology, in India, as a subspecialty is evolving rapidly. A holistic approach in the management of solid tumors, which is important for long term survival, is the aim of this event.

This program is a unique endeavor to get the best expertise within reach. Training shall be imparted by eminent faculty of “International Pediatric Surgical Oncology Society” (IPSO). The popularity of this certificate course, conducted successfully in various countries, encouraged its initiation in Asia’s fastest expanding economy – India.

Who should attend?

All Pediatric Surgeons, Pediatric Oncologists, Oncologists, Onco-surgeons are urged to participate & update their skills. Enrollment, for this three day activity, in India’s finance & glamour hub, Mumbai, is nominal as compared to the cost of this course Internationally.

Welcome to the dream city Mumbai.

Dr. Sushmita Bhatnagar
